Banksia Grove Development Welcomes 2000th Buyer

The Banksia Grove development recently welcomed its 2000th buyer Shaun Norris.

Shaun is a member of the local Perth Wheelcats basketball and is a triple paralympian athlete having represented Australia as a member of the Rollers national wheelchair basketball team at the Athens, Beijing and London Paralympics.

His successes include winning a gold medal at the Beijing games, silver in London as well as being part of the World Championship winning team in 2010.

I chose to buy in Banksia Grove as I found it to be excellent value for money and it was close to family and friends, said Shaun.

I also liked the new shopping centre and how close the area is to major amenities in Wanneroo and Joondalup.

Shaun and his partner Amber Merritt, also a highly successful athlete being a member of the Australian Gliders Women's Wheelchair Basketball team which won a silver medal at the 2012 London Paralympics, plan to build a 4x2 home later this year.

Banksia Grove general manager Tony Naughtin said he looked forward to welcoming Shaun and his partner into the suburb.

It's amazing that we are celebrating our 2000th sale years ahead of schedule said Tony. "We are very proud of the success of the development and the high calibre of our buyers and residents of Banksia Grove".
